PROFILE

Passionate and skilled Frontend Developer with extensive experience in creating visually appealing, responsive, and user-friendly web applications. Proficient in HTML, CSS, JavaScript, and modern frameworks such as React, Angular, and Vue.js. Strong understanding of web performance optimization, cross-browser compatibility, and version control systems like Git. Adept at translating UI/UX designs into seamless code, with a focus on clean, maintainable, and scalable solutions. Collaborative team player with a keen eye for detail and a commitment to delivering high-quality software on time.
